TED is a non-profit organisation devoted to Ideas Worth Spreading, usually in the form of short, powerful talks delivered by today's leading thinkers and doers. Many of these talks are given at TED's annual gathering in Vancouver, Canada, TEDWomen and TEDGlobal conferences, and thousands of Independently organized TEDx events around the world, then made available, free, on TED.com and other channels.

In the spirit of Ideas Worth Spreading, TEDx is a program of local, self-organised events that bring people together to share a TED-like experience. At a TEDx event, TED talks videos and live speakers combine to spark deep discussions and connections in a small group. These local, self-organized events are branded as TEDx, where x = independently organized TED event.

Born from the cultural curiosity rooted in the city of Chennai, TEDxChennai is heterogeneous amalgamation of souls who believe that all knowledge is connected. There are other curious souls who are excited by the power of ideas, and want to learn, grow and find a future to believe in.

At TEDxChennai, our key resolve is to bring people together to seek a deeper understanding of ourselves and our world, and to inspire ideas and actions for a better future for all of us. Our events seek to provide unexpected insights and transformative inspiration by urging all our audiences to listen to people and ideas relatively outside their fields and life experiences. We connect people who value ideas and love creating conversations. Above all, TEDxChennai is all about passion, laughter, beauty, ingenuity, empathy, conversations and ideas with the power of changing the world.
